

MATERIALS

- Soft clay like Creall Ultra soft
- Claying tools like Creall Modelling tools

LEARNING OBJECTIVE

Dealing with length and concepts that have to do with length such as big, bigger, biggest, small, smaller, small(est). Learn to compare and sort by length.

LONG AND SHORT

1

Divide the class into groups of no more than 5 pupils. Give every child a different colour of clay.

2

Each child rolls a snake of clay. Let the pupils practise with rolling with their flat hand. After that, the children will cut up the snakes in two (unequal) pieces.

3

Then the toddlers will try and put the snakes in the right order: from small to big.
