

MATERIALS

- Clay (for example, Creall Super soft)

LEARNING OBJECTIVE

Listening to and understanding a story. Practising reading out loud and stimulating reading pleasure and reading motivation.

MY MOST BEAUTIFUL BOOK

1

Ask to pupil to bring their favourite book to school. The pupil will tell why this is his or her favourite book and reads an excerpt out loud in class.

2

Then each child will create part of story in clay, for example, the main character or an important event.

3

Let the children explain what they have made and why they have made it. They can also try and put the works of clay in chronological order.
