

MATERIALS

- Air-drying paint or oven-bake clay such as Creall Do & Dry and Creall Therm soft.
- (Large) sheet of paper
- Poster paint such as Creall Basic color
- Brochures of DIY-stores and garden centres

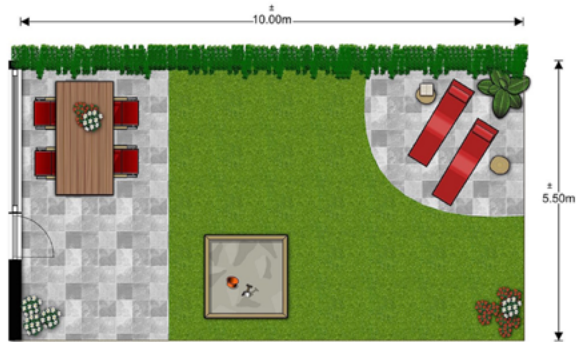

LEARNING OBJECTIVE

Learn to calculate with surfaces and scale.

OUR GARDEN

1

Let small groups of pupils their own garden of a certain surface, for example, 50m². What should be in it and will it all fit?

2

Let the children make a scale model of the garden and design it with paint and clay.

3

What would the costs be if the children would design a real garden?

4
