

MATERIALS

- Pimpampet random wheel
- Finger paints, such as Creall Fingerprint
- Paper

LEARNING OBJECTIVE

Recognising and writing letters, connecting letters to words, practicing spelling.

PIMPAMPET

1

Spin the wheel (or let a pupil spin it). Who knows which letter has been spun?

2

The pupils write the letter with finger paint. Do you want to make it more challenging? Let them write down a word that starts with that letter.

3

The pupils show what they've written. Did they do it well? Or do they need more tips for a certain letter or word? Then the next letter can be spun.
