

CREATING TEXTURES

**Good luck and have
fun with this lesson!**

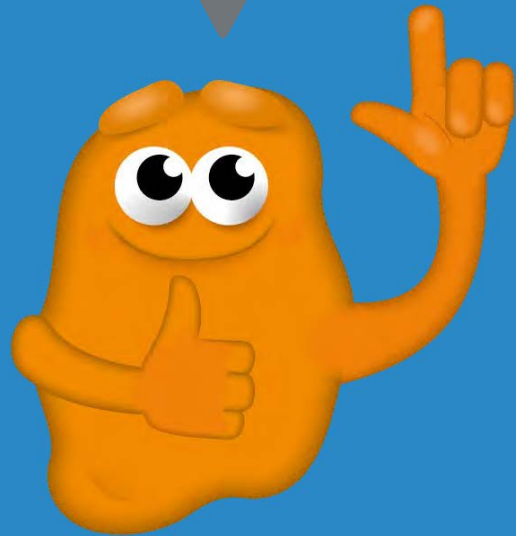

LESSON PLAN: CREATING TEXTURES

- Age: from age 4
- Learning area: language, counting
- Preparation time: 5 min
- Duration: 30 min

CREATING TEXTURES

Do you know what
a texture is?

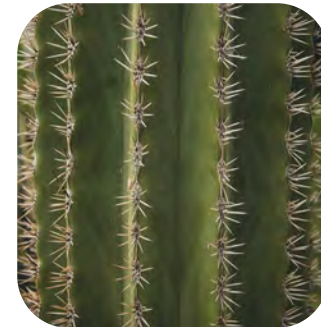

WHAT IS A TEXTURE?

The texture of something is how it feels and how it looks.
There are different types of textures, such as:

Rough

Prickly

Smooth

Can you think of more examples?

CREATING TEXTURES

WHAT DO YOU NEED?

- Sand, like CreallPlay it!
- Items that leave a beautiful print in the sand

WHAT WILL YOU BE DOING?

You are going to make prints in the sand with the items. Try to make different prints.

CREATING TEXTURES

STEP 1

Make as many different prints in the sand as possible.

CREATING TEXTURES

STEP 2

Count the different prints.

How many did you make?

What's a print like this called?

CREATING TEXTURES

STEP 3

Look at the prints (textures) of the other kids.

Do you see any other shapes there? And can you see which object made them?

Whoever has made the most different textures, wins!

CREATING TEXTURES

Step-by-step instructions

IT'S MORE FUN WITH YOU!

Good job!
